Master of Business Administration (ODL)

R2/0410/7/0014(FA3814)12/29

2 Semester: Online
12 months: Project
Paper, Australia

The MBA (ODL) programme focuses on providing students with advanced knowledge in business management. It aims to develop essential skills applicable across a range of industries, including leadership, strategy, and communication. The programme covers specialisations like digital marketing, data analytics, and corporate governance, providing a comprehensive understanding of business functions. It prepares graduates for managerial roles by honing problem-solving abilities, self-management, and technological proficiency.

Through our programme, candidates gain proficiency in:

- **Strategic Leadership:** Vital for guiding teams and organisations towards long-term success.
- **Problem-Solving:** Essential for addressing complex business challenges.
- **Communication:** Crucial for effective collaboration and clear decision-making.
- **Digital Competence:** Important for navigating today's tech-driven business environment.
- **Critical Thinking:** Key for making informed, strategic business decisions.

Effective communication in healthcare

Occupational English Test (OET)

Within
3 months

Hybrid

OET (Occupational English Test) is a global leader in English language testing for healthcare professionals and a prerequisite for work placement in Australia. The OET assesses the English language proficiency of healthcare professionals who seek to practice in an English-speaking environment. It focuses on the language skills necessary for effective communication in healthcare settings.

Our teaching methods for foreign students go beyond simply teaching English. These methods take into account the specific needs of healthcare professionals and the demands of the OET exam.

OET is a global leader in English language testing for healthcare professionals:

- **Accelerate your career:** by learning Australian standard English specialised for healthcare professionals, it ensures for better employability.
- **Scenario-based learning:** Real healthcare scenarios are used for providing more confidence for your job.
- **Knowledge:** Helps you develop the relevant language skills for success along with applicable based knowledge learning.
- **Convenient Delivery Mode:** OET is available online and on campus.

Make a difference in healthcare

NCLEX Preparatory course

No. 30013567

Within
4 Months

Online

- **Content tailored to the Australian NCLEX:** Focuses on the specific nursing practices and regulations relevant to Australia, ensuring your knowledge aligns with the exam.
- **Practice questions mirroring the NCLEX format:** Provides a comprehensive bank of practice questions that replicate the style and difficulty level of the actual NCLEX exam in Australia.
- **Support from experienced instructors:** Access to instructors with expertise in the NCLEX and Australian nursing, who can answer your questions and guide your preparation.
- **Test-taking strategies:** Develops effective test-taking skills to maximise your score, including time management and critical thinking approaches.

Course Learning Outcomes:

- CLO 1: Advanced Clinical Knowledge Integration
- CLO 2: Critical Clinical Judgment Application
- CLO 3: Professional Practice Standards Mastery

STUDY & WORK IN AUSTRALIA

Visas

The Malaysia International Student visa for Veritas University College allows you to study and live in Malaysia per your course. Then you will progress to a Skills Visa for your International Work Experience and Skills Immersion Programme in Australia.

Accommodation

The Workready Asia team will help facilitate and organise your shared accommodation in Australia. Candidates will rent comfortable and modern shared accommodation where their well-being and welfare are conducive to a good living environment aligned with Australian living standards.

Weather

Australia's climate varies greatly throughout the Six States and two territories. There are four seasons across most of the country and a wet and dry season in the tropical north. Australia's seasons are at opposite times to those in the northern hemisphere.
